Hi Mr. Cozad,

It was a pleasure to speak with you yesterday. Thank you very much for calling me back, I apologize that we were on the road during the time of the call.

As discussed, I simply wanted to touch base for Mr. Paul Doherty's contact information, and for any and all air monitoring results. I believe you said Mr. Doherty was the on-scene coordinator for the chlorine gas release that occurred at MGP Ingredients on October, 21, 2016. Thank you very much for agreeing to share EPA's air monitoring information, we are very appreciative.

If you have any questions or concerns, please do not hesitate to contact me. I will be traveling later today, but back in the office on Monday.

Thank you again.

Sincerely,

Beeta
